Googolboard EZ

From teaching Children, to helping out the Visually Impaired, the GoogolBoard is for Everyone!!!

The Googolboard uses large, easy-to-read black letters on white keys that have been proven to be easier on the eyes, than standard white letters on black keys, & also creates a fun, creative, educational environment for any child

- Large print 1" keys distinguish between numbers, letters, and symbols for easy typing and learning
- The keys respond easily to gentle finger pressure, making typing easy and more comfortable for anyone to use
- Oversized keys for better contact and control
- Creates a fun learning environment by helping kids type faster
- USB + PS/2 interface; Available for both PC & Mac
